

As a hosting provider, LiteServer B.V. is an intermediary in providing digital services. The details entered in this form must make it irrefutably clear the reported content is hosted from LiteServer B.V.'s network (AS60404) and violates the General Terms and Conditions of LiteServer B.V. or violates Dutch or European law. Failure to do so will result in an immediate rejection of the appeal. Repeated failure to provide irrefutable Notice-and-Take-Down forms will result in the dismissal of all future appeals.

To appeal to the Notice-and-Take-Down procedure, a filled in version of this Notice-and-Take-Down form must be sent per electronic mail to abuse@liteserver.nl.

Contact details

Your contact details will only be used to report the status of your appeal.

Full name:

Mail address:

Ticket number (if available):

Location of reported content

Describe where the reported content can be found and which steps are needed to reach to the content. Also provide the IP-address on which the reported content is hosted. If a proxy service is used, proof needs to be provided to show the content is hosted on the reported IP-address.

Reason of Notice-and-Take-Down-request

Motivate, as detailed as possible, why and how the content violates LiteServer B.V.'s General Terms and Conditions or Dutch or European law.

Steps taken

As specific as possible, describe which steps have been taken to contact the content provider, and which actions have resulted from the correspondence.

Involvement in case

Describe, as detailed as possible, the nature of your involvement in the case.

Sign

By signing this form, you agree to our Notice-and-Take-Down-policy as described on our website: <https://liteserver.nl/notice-and-take-down>, our Privacy Policy as described on our website: <https://liteserver.nl/privacy-policy/> and confirm that the form is filled in veraciously. If this abuse notification causes any kind of damage to LiteServer B.V., the signer will be held responsible for all consequences.
